Train Now Fund - skill set subsidy calculator

Applicants must use the Skills Tasmania - Train Now Fund subsidy calculator to determine the subsidy we will pay for each learner.

Applicants cannot request a different price to the Skills Tasmania subsidy.

A skill set subsidy price is based on the qualification level. If the units in the skill set come from more than one qualification, the qualification from which most of the units are sourced determines the Field of Education (FOE). If there are a mix of units across multiple qualifications, the intent of the skill set and the employer industry determines the FOE.
